Numatic 36V Battery Charger

Variant code: 16-604500

Numatic 36V Battery Charger is a genuine replacement charging unit designed to safely and efficiently recharge compatible Numatic 36V battery-powered cleaning equipment. Built to Numatic's exact specifications, this charger delivers reliable charging performance, helping to maximise battery life, maintain machine productivity and minimise downtime.

Engineered for professional cleaning environments, the 36V charger provides controlled charging to ensure batteries are replenished safely and efficiently. Its robust design is suitable for daily commercial use, while integrated charging protection helps support battery health and long-term performance. Whether used as a replacement charger or as an additional charging unit for fleet operations, it ensures your Numatic cordless cleaning equipment remains ready for use whenever required.

Compact, dependable and easy to operate, the Numatic 36V Battery Charger is an essential accessory for maintaining the performance of compatible battery-powered vacuum cleaners, scrubber dryers and cleaning machines. Genuine Numatic quality ensures reliable operation and complete compatibility with approved 36V battery systems.

Product Features

- **Genuine Numatic battery charger**
- Designed for compatible **36V battery systems**
- Provides safe and efficient battery charging
- Supports optimum battery performance and longevity
- Durable construction for commercial use
- Simple and reliable operation
- Ideal as a replacement or spare charger

Product Benefits

- Ensures batteries remain fully charged and ready for use
- Helps maximise battery lifespan
- Reduces machine downtime
