

Numatic 36V Lithium Ion Battery: For NBV/PBT/RSB Models (Old Style)

Variant code: 16-604506

Numatic 36V Lithium-Ion Battery: For NBV/PBT/RSB Models (Old Style) is a genuine replacement battery designed to restore and maintain the performance of compatible Numatic cordless cleaning equipment. Engineered specifically for older-style NBV, PBT and RSB battery-powered machines, this high-quality lithium-ion battery provides reliable power, extended runtime and dependable performance for professional cleaning applications.

Designed as a direct replacement for worn or ageing batteries, this **36V lithium-ion battery** delivers consistent power output to help maximise cleaning productivity. Lithium-ion technology offers excellent energy efficiency, reduced self-discharge and lighter weight compared to traditional battery technologies, ensuring operators benefit from longer runtimes and improved machine performance. Its robust construction is designed to withstand the demands of daily commercial use while supporting reliable operation throughout the working day.

Manufactured to Numatic's exact standards, this replacement battery ensures full compatibility with approved older-style NBV, PBT and RSB models. Whether replacing an existing battery or keeping a spare on hand, it helps minimise downtime and keeps your cordless cleaning fleet operating at peak efficiency.

Product Features

- **Genuine Numatic replacement battery**
- **36V lithium-ion technology**
- Designed for NBV, PBT and RSB old-style models
- Provides reliable and consistent power output
- Lightweight and energy-efficient design
- Helps maximise machine runtime and productivity
- Built for demanding commercial cleaning environments

Product Benefits

- Restores cordless machine performance
- Reduces downtime caused by ageing batteries
- Provides dependable power throughout cleaning tasks
- Offers longer service life than conventional battery technologies
- Supports efficient and productive cleaning operations
- Easy replacement for compatible Numatic machines
- Ensures full compatibility and reliable operation

Technical Specifications

- Product Type: Replacement Battery
- Battery Technology: Lithium-Ion
- Voltage: 36V
- Compatibility: Numatic NBV, PBT and RSB Models (Old Style)
- Application: Cordless Commercial Cleaning Equipment
- Genuine Numatic Replacement Part

Applications

Numatic 36V Lithium-Ion Battery: For NBV/PBT/RSB Models (Old Style) is ideal for cleaning contractors, facilities management teams, healthcare facilities, schools, hospitality venues, offices and commercial cleaning operations using compatible Numatic cordless vacuum cleaners and battery-powered cleaning equipment. Perfect for maintaining machine uptime and ensuring reliable cordless cleaning performance.
