Numatic 38mm (Internal Fit) Crevice Nozzle

Variant code: 16-602160

Numatic 38mm Internal Fit Crevice Nozzle is a **genuine-style replacement vacuum tool** designed for use with **Numatic vacuum cleaners fitted with 38mm tubes**. Measuring **305mm in length**, this slim crevice tool provides excellent access to narrow gaps, tight corners and other difficult-to-reach areas where standard floor tools cannot reach.

Manufactured from durable **ABS plastic**, the nozzle is lightweight, robust and built to withstand regular commercial and domestic cleaning applications. Its **internal fit** design securely connects inside compatible 38mm Numatic tubes, maintaining consistent airflow and suction for efficient dust and debris removal.

Ideal for detailed cleaning tasks, this crevice nozzle helps improve the versatility of your vacuum cleaner by allowing effective cleaning around furniture, skirting boards, radiators, machinery and confined spaces. It is an essential accessory for achieving a thorough professional clean.

Product Features

- 38mm internal fit crevice nozzle
- Suitable for larger 38mm Numatic vacuum tubes
- 305mm overall length
- Manufactured from durable ABS plastic
- Slim profile for narrow and confined spaces
- Maintains strong airflow and suction
- Lightweight and durable construction
- Easy to attach and remove

Product Benefits

- **Provides easy access to tight and hard-to-reach areas**
- **Maintains powerful suction for effective detailed cleaning**
- **Durable ABS construction withstands regular commercial use**
- Ideal for cleaning edges, corners and crevices
- Improves vacuum cleaning versatility
- Quick-fit design allows fast tool changes
