Numatic 38mm Widetrack Brush/Rubber Dry Floor Tool - 400mm

Variant code: 16-602332

Numatic 38mm Widetrack Brush/Rubber Dry Floor Tool - 400mm is a professional-grade floor nozzle designed to maximise cleaning efficiency across hard floor surfaces. Featuring an extra-wide 400mm cleaning path, adjustable height settings and a dual-action brush and squeegee design, this versatile floor tool enables faster cleaning while delivering outstanding dust and debris collection performance.

At **400mm wide**, this Widetrack nozzle is approximately one-third wider than a standard floor tool, allowing operators to cover significantly more floor area in less time. The innovative design incorporates **front brush strips** to loosen dust and debris, combined with a **rear rubber squeegee** that helps maintain excellent floor contact and debris collection. The adjustable height feature allows the tool to be optimised for different hard floor surfaces, ensuring consistent cleaning performance across a variety of environments.

Suitable for use with all vacuum cleaners fitted with **38mm tubes and hoses**, the Numatic Widetrack Floor Tool is built for durability and reliability in both commercial and domestic settings. Its wide cleaning path, efficient design and robust construction make it an ideal solution for high-productivity floor maintenance.

Product Features

- **Extra-wide 400mm cleaning width**
- **38mm tube and hose compatibility**
- Front brush strips and rear rubber squeegee design
- Adjustable height for different floor surfaces
- Designed specifically for hard floor cleaning
- Covers more floor area than standard nozzles
- Suitable for commercial and domestic use

Product Benefits

Tel: 01626 355177
Email: info@aukhygiene.com

- Increases cleaning productivity with wider floor coverage
- Reduces cleaning time in large floor areas
- Provides effective dust and debris removal
- Adjustable design improves cleaning performance
- Combines brushing and squeegee action in one tool
- Suitable for a wide range of hard floor environments
- Durable construction ensures long service life

Technical Specifications

- Product Type: Widetrack Brush/Rubber Dry Floor Tool
- Cleaning Width: 400mm
- Connection Size: 38mm
- Floor Type: Hard Floors
- Design: Front Bristles & Rear Rubber Squeegee
- Adjustable Height: Yes
- Compatibility: Fits all vacuums using 38mm tubes
- Application: Commercial and Domestic Cleaning

Applications

Numatic 38mm Widetrack Brush/Rubber Dry Floor Tool - 400mm is ideal for warehouses, schools, healthcare facilities, retail stores, offices, public buildings, factories and domestic environments. Perfect for cleaning large hard floor areas quickly and efficiently while maintaining excellent dust and debris collection performance.
