Numatic 65mm Soft Dusting Brush 32mm

Variant code: 16-601144

Numatic 65mm Soft Dusting Brush - 32mm is a genuine Numatic vacuum cleaner accessory designed for efficient dust removal from delicate surfaces, furniture and hard-to-reach areas. Compatible with Numatic's popular 32mm accessory system, this versatile brush provides effective cleaning performance while helping to protect surfaces from scratches and damage.

Featuring a **65mm brush head** and durable bristle construction, the dusting brush is ideal for removing dust, dirt and debris from desks, shelving, skirting boards, blinds, vents, light fittings and other sensitive surfaces. The brush design allows dust to be gently loosened and immediately captured by the vacuum airflow, improving cleaning efficiency and reducing the spread of airborne dust. Its compact size also makes it highly effective for detailed cleaning tasks in both commercial and domestic environments.

Manufactured to genuine Numatic standards, this dusting brush offers long-lasting durability and reliable performance. Easy to attach and use, it is an essential accessory for achieving a higher standard of cleaning in offices, healthcare facilities, hotels, schools and homes.
