Numatic Combination Floor Tool - 32mm

Variant code: 16-902071

Numatic Combination Floor Tool - 32mm is a genuine Numatic vacuum accessory designed to provide versatile and efficient cleaning performance across both hard floors and carpets. Featuring a practical dual-purpose design, this professional floor tool allows users to seamlessly transition between different floor surfaces without changing accessories, improving productivity and convenience during everyday cleaning tasks.

Manufactured to genuine Numatic standards, the combination floor tool incorporates selectable brush strips that can be adjusted depending on the floor type being cleaned. The tool effectively removes dust, dirt and debris from carpets, hard floors, laminate, vinyl, tiles and other common floor surfaces. With a **300mm cleaning width**, it provides excellent floor coverage while maintaining easy manoeuvrability around furniture and obstacles.

Designed for compatibility with any vacuum cleaner using a **32mm tube system**, this robust floor tool offers reliable performance in both commercial and domestic environments. Its durable construction ensures long service life, while the genuine Numatic design guarantees dependable cleaning results and seamless compatibility with Numatic vacuum systems.
