Numatic Crevice Tool - 32mm x 240mm

Variant code: 16-601142

Numatic Crevice Tool - 32mm x 240mm is a genuine Numatic vacuum accessory designed to provide precise cleaning in narrow, confined and hard-to-reach areas. Engineered for professional and domestic cleaning applications, this slim-line tool enables effective dust and debris removal from gaps, corners, edges and other difficult access points where standard floor tools cannot reach.

Featuring a **240mm length** and compatibility with Numatic's **32mm accessory system**, the crevice tool delivers concentrated suction directly into tight spaces for enhanced cleaning performance. Its narrow profile is ideal for cleaning along skirting boards, behind furniture, between equipment, around radiators, inside vehicles and other restricted areas. Manufactured from durable materials, it is built to withstand frequent use in demanding commercial cleaning environments while maintaining reliable performance.

Lightweight, easy to fit and highly versatile, the Numatic Crevice Tool is an essential addition to any vacuum cleaner accessory kit. Whether performing routine maintenance cleaning or detailed dust removal, it helps ensure no area is left untouched, improving overall cleaning standards and efficiency.

Product Features

- **Genuine Numatic crevice tool**
- **32mm accessory compatibility**
- **240mm length** for extended reach
- Slim profile for tight and confined spaces
- Directs suction into hard-to-reach areas
