

Numatic CV570 – Combivac Wet & Dry Single Motor 13L Capacity Vacuum Cleaner – 110V

Variant code: 16-CV570/110V

Numatic CV570 Combivac Wet & Dry Vacuum Cleaner is a professional multi-purpose vacuum cleaner designed to deliver reliable wet and dry cleaning performance in demanding commercial and industrial environments. Combining durable construction with practical versatility, the CV570 allows users to vacuum both wet and dry materials without changing filters, making it an efficient all-in-one cleaning solution for professional applications.

Engineered for heavy-duty cleaning tasks, the Numatic Combivac features a tough Structofoam drum construction that resists dents, scratches and deterioration, ensuring long-lasting performance in workshops, warehouses, construction sites and commercial facilities. The high-efficiency washable filtration system supports effective dust and debris collection while reducing maintenance costs and downtime. Its compact professional design offers easy manoeuvrability while maintaining excellent cleaning power for both liquid and dry waste collection.

Supplied complete with stainless steel 38mm tubes and a professional accessory tool kit, the CV570 provides versatile cleaning across floors, hard surfaces and hard-to-reach areas. With its practical 13-litre capacity and dependable single motor operation, this professional wet and dry vacuum cleaner is ideal for contract cleaning companies, maintenance teams and industrial cleaning operations.

Product Features

- **Professional wet & dry vacuum cleaner**
- Wet and dry vacuuming without filter changes
- Durable Structofoam drum construction
- High-efficiency washable filter system
- Single motor professional cleaning performance
- Supplied with stainless steel 38mm tubes
- Complete professional accessory tool kit

- included
- **13L collection capacity**

Product Benefits

- Efficiently handles both wet and dry cleaning tasks
- Reduces downtime by eliminating filter changes
- Structofoam drum resists dents, scratches and wear
- Washable filtration system lowers maintenance costs
- Professional accessory set improves cleaning versatility
- Compact design supports easy handling and storage
- Reliable performance for demanding commercial environments

Technical Characteristics

- **Single motor wet & dry vacuum system**
- 13 litre collection capacity
- Heavy-duty Structofoam drum construction
- Washable high-efficiency filter design
- 38mm stainless steel tube and accessory system
- Professional commercial cleaning compatible
- Suitable for industrial and contractor applications
- **Multi-purpose wet and dry cleaning operation**

Applications

Numatic CV570 Combivac Wet & Dry Vacuum Cleaner is ideal for construction sites, workshops, warehouses, factories, commercial facilities, janitorial services and contract cleaning companies requiring versatile professional wet and dry vacuum cleaning performance with durable long-term reliability.
