Numatic CV900 - CombiVac Wet & Dry Single Motor 30L Capacity Vacuum Cleaner - 240V

Variant code: 16-CV900

Numatic CV900 CombiVac Wet & Dry Vacuum Cleaner is a professional multi-purpose vacuum cleaner designed to handle both wet and dry cleaning applications without the need to change filters. Engineered for demanding commercial and industrial environments, the CV900 combines powerful cleaning performance, durable construction and practical versatility to deliver reliable everyday cleaning results.

Designed for professional cleaning operations, the Numatic CombiVac system efficiently vacuums liquids, dust and debris using a high-efficiency washable filter system that simplifies maintenance and improves productivity. The extremely tough Structofoam drum construction resists dents, scratches and deterioration, making the machine ideal for workshops, warehouses, construction sites, factories and commercial facilities where durability is essential.

The generous 30-litre capacity allows extended cleaning sessions with reduced emptying frequency, while the supplied stainless steel 38mm tube set and professional accessories provide versatile cleaning performance across floors, hard surfaces and difficult-to-access areas. Combining wet and dry functionality in one dependable machine, the CV900 is a practical and cost-effective solution for professional contract cleaners and industrial users.

Product Features

- **Professional wet & dry vacuum cleaner**
- Wet and dry vacuuming without filter changes
- Heavy-duty Structofoam drum construction
- High-efficiency washable filter system
- Single motor professional cleaning performance
- Supplied with stainless steel 38mm tube set
- Complete professional accessory tool kit included
