Numatic CVD570 - Combivac Wet & Dry Twin Motor 13L Vacuum Cleaner - 110V

Variant code: 16-CVD570/110V

Numatic CVD570 CombiVac Wet & Dry Vacuum Cleaner is a powerful professional twin motor vacuum cleaner designed to deliver reliable wet and dry cleaning performance across demanding commercial and industrial environments. Engineered for versatility and durability, the CVD570 efficiently handles both liquid recovery and dry debris collection without the need to change filters, making it an ideal all-purpose cleaning solution.

Built with Numatic's robust commercial construction, the CVD570 features a highly durable Structofoam drum that resists dents, scratches and deterioration even in harsh working environments. The powerful twin motor system delivers enhanced suction and cleaning efficiency for workshops, warehouses, factories, construction sites and commercial premises. Its high-efficiency washable filtration system simplifies maintenance while ensuring dependable cleaning performance for both wet and dry applications.

Supplied complete with professional stainless steel 38mm tube sets and cleaning tools, the CVD570 provides versatile cleaning capability across hard floors, industrial areas, workshops and maintenance environments. The compact 13-litre capacity design offers excellent manoeuvrability while still providing sufficient capacity for demanding professional cleaning operations.

Product Features

- **Professional twin motor wet & dry vacuum cleaner**
- Wet and dry vacuuming without changing filters
- Durable Structofoam drum construction
- High-efficiency washable filter system
- Powerful twin motor suction performance
- Supplied with stainless steel 38mm tubes and tools
- Compact and versatile professional design
- **13L collection capacity**

Product Benefits

- Handles both wet and dry cleaning applications efficiently
- Eliminates downtime caused by filter changes
- Structofoam drum withstands demanding commercial use
- Twin motor system delivers enhanced suction performance
- Washable filtration system reduces maintenance costs
- Professional accessories improve cleaning versatility
- Compact design improves manoeuvrability and storage

Technical Characteristics

- **Twin motor wet & dry vacuum system**
- 13 litre collection capacity
- Heavy-duty Structofoam drum construction
- Washable high-efficiency filtration system
- 38mm stainless steel tube and accessory system
- Professional commercial cleaning performance
- Suitable for wet and dry industrial applications
- **Complete professional accessory kit included**

Applications

Numatic CVD570 CombiVac Wet & Dry Vacuum Cleaner is ideal for workshops, warehouses, factories, construction sites, maintenance teams, janitorial services, commercial premises and contract cleaning companies requiring powerful professional wet and dry vacuum cleaning performance.

Property	Value
