Numatic CVD900 - CombiVac 30L Wet & Dry Twin Motor Vacuum - 240V

Variant code: 16-CVD900

Numatic CVD900 CombiVac Wet & Dry Vacuum Cleaner is a powerful professional twin motor vacuum cleaner engineered for versatile wet and dry cleaning performance in demanding commercial and industrial environments. Designed as a robust multi-purpose cleaning solution, the CVD900 delivers exceptional suction power, high-capacity operation and outstanding durability for professional cleaning applications.

Built to handle both wet and dry vacuuming without requiring filter changes, the Numatic CVD900 provides convenient and efficient operation across a wide range of cleaning tasks. Its powerful twin motor system delivers strong airflow and reliable suction performance for industrial debris, liquid spills and everyday commercial cleaning. The large 30-litre capacity allows extended cleaning sessions with fewer interruptions, making it ideal for workshops, warehouses, factories and contract cleaning environments.

Constructed using Numatic's heavy-duty Structofoam technology, the CVD900 drum resists dents, scratches and deterioration even in the toughest industrial conditions. The high-efficiency washable filtration system improves operational economy and simplifies maintenance, while the included stainless steel 38mm tube set and professional accessories provide excellent cleaning versatility straight out of the box. Durable, reliable and easy to operate, the CVD900 is built for continuous professional use.

Product Features

- **Professional wet & dry twin motor vacuum cleaner**
- Powerful twin motor suction system
- 30L large-capacity collection drum
- Wet and dry vacuuming without filter changes
- Heavy-duty Structofoam drum construction
- High-efficiency washable filtration system

- Supplied with stainless steel 38mm tube set and tools
- **Designed for industrial and commercial cleaning applications**

Product Benefits

- Provides powerful and versatile wet and dry cleaning performance
- Twin motor system improves suction and airflow efficiency
- No filter changes required between wet and dry operation
- Large capacity reduces downtime during cleaning tasks
- Structofoam construction resists industrial wear and damage
- Washable filtration system lowers maintenance costs
- Professional accessories support multiple cleaning applications

Technical Characteristics

- **Twin motor vacuum technology**
- 30 litre collection capacity
- Professional wet and dry cleaning operation
- Heavy-duty Structofoam drum construction
- High-efficiency washable filter system
- 38mm stainless steel tube set included
- Commercial-grade professional accessory kit supplied
- **Multi-purpose industrial vacuum cleaner design**

Applications

Numatic CVD900 CombiVac Wet & Dry Vacuum Cleaner is ideal for warehouses, factories, workshops, construction environments, maintenance departments, janitorial services, industrial facilities and contract cleaning companies requiring powerful professional wet and dry vacuum cleaning performance.

Property	Value
Length (mm)	800
Vacuum Motor Wattage (W)	2x1000 W
Capacity (L)	30
