Numatic Front Castor / Wheel for NVR - Large (50mm)

Variant code: 16-204111

Numatic Front Castor Wheel for NVR Vacuum Cleaners is a genuine replacement component designed to restore smooth manoeuvrability and reliable performance to compatible Numatic vacuum cleaners. Manufactured to meet original equipment specifications, this durable **50mm front castor wheel** helps maintain effortless movement and protects the handling characteristics of your machine during daily cleaning operations.

Over time, vacuum cleaner castors can become worn or damaged through regular use, affecting machine mobility and operator comfort. This large 50mm replacement front castor is designed to provide a direct fit for compatible Numatic NVR vacuum models, ensuring smooth movement across a variety of floor surfaces. Its robust construction is engineered to withstand the demands of commercial cleaning environments while supporting the vacuum's stability and ease of use.

Easy to install and built for long-term durability, the Numatic Front Castor Wheel offers a cost-effective way to extend the life of your vacuum cleaner and maintain optimal performance. Genuine replacement parts help ensure continued reliability and compatibility with your existing equipment.

Product Features

- **Genuine replacement front castor wheel**
- Designed for compatible Numatic NVR vacuum cleaners
- **Large 50mm wheel diameter**
- Durable construction for commercial use
- Helps restore smooth machine manoeuvrability
- Direct replacement for worn or damaged castors
