

Numatic Gulper Tool

Variant code: 16-603917

Numatic Gulper Tool is a genuine heavy-duty **vacuum floor nozzle** designed for rapid collection of large debris from hard floors and commercial environments. Featuring a **305mm cleaning width** and an open-front gulper design, this versatile floor tool allows bulky particles and larger debris to be vacuumed efficiently without clogging, making it ideal for demanding industrial and commercial cleaning applications.

Manufactured from durable, impact-resistant materials, the Gulper Tool is engineered to withstand everyday professional use while maintaining excellent airflow and suction performance. Its wide cleaning path increases productivity by covering more floor area with each pass, while the scraper-style front edge helps lift stubborn dirt and debris from hard floor surfaces.

Designed for compatibility with Numatic vacuum cleaners using the appropriate wand and hose connections, this genuine replacement accessory is ideal for workshops, warehouses, factories and other environments where larger debris needs to be collected quickly and efficiently.

Product Features

- Genuine Numatic gulper floor tool
- 305mm wide cleaning head
- Open-front gulper design for larger debris collection
- Heavy-duty commercial construction
- Scraper-style leading edge
- Maintains strong airflow and suction performance
- Easy to attach and remove
- Suitable for demanding commercial and industrial cleaning

Product Benefits

- **Collects larger debris without blocking the nozzle**
- **Wide 305mm head improves cleaning productivity**
- **Heavy-duty construction withstands intensive commercial use**
- Ideal for hard floor cleaning applications
- Maintains consistent suction for efficient

- debris removal
- Helps reduce cleaning time in large areas
- Quick-fit design minimises downtime
- Genuine Numatic accessory for reliable compatibility

Technical Characteristics

- Product Type: Gulper Vacuum Floor Tool
- Cleaning Width: 305mm
- Construction: Heavy-Duty Impact-Resistant Plastic
- Design: Open-Front Gulper/Scraper Tool
- Application: Hard Floor & Large Debris Collection
- Compatibility: Compatible Numatic Vacuum Cleaners with Appropriate Wand Connection
- Installation: Push Fit
- Genuine Numatic Replacement Accessory

Applications

The **Numatic 305mm Gulper Tool** is ideal for **warehouses, factories, workshops, schools, retail premises, public buildings, construction sites and commercial cleaning contractors**. Designed for rapid collection of **dust, dirt, leaves, packaging waste, wood shavings and larger dry debris** from hard floor surfaces, it provides fast, efficient cleaning while maintaining excellent suction and productivity.
