Numatic Melamine PU-Pad Floor Pad for 244NX - Pack of 2

Variant code: 03-912356

The **Numatic Melamine PU Floor Pads for 244NX** are high-efficiency floor cleaning pads specifically designed for use with the **Numatic 244NX Compact Scrubber Dryer**. Suitable for **all hard floor types**, these specialist pads provide effective cleaning performance for professional floor maintenance. Their enhanced construction offers improved durability and cleaning efficiency compared with conventional melamine pads, making them a practical solution for maintaining clean and presentable hard flooring.

Featuring **melamine PU cleaning technology**, the pads are designed to deliver effective mechanical cleaning while offering greater durability than standard melamine alternatives. Their **high-efficiency cleaning action** supports the removal of everyday surface dirt and soiling from suitable hard floors. The improved durability helps reduce the frequency of pad replacement compared with conventional melamine pads, supporting more efficient cleaning operations and consumable management.

Designed with **environmentally conscious floor maintenance** in mind, the Numatic PU-Pads offer a durable alternative to conventional melamine cleaning pads. They are suitable for professional cleaning contractors, facilities management teams and organisations using the **Numatic 244NX Scrubber Dryer** for regular hard floor maintenance. Supplied in a convenient **pack of 2 pads**, they provide a dedicated cleaning accessory for the 244NX floor cleaning system.

Product Features

- **High-efficiency melamine PU floor cleaning pads** for professional hard floor maintenance
- Specifically designed for the **Numatic 244NX Compact Scrubber Dryer**
- Suitable for use on **all hard floor types**, subject to floor manufacturer guidance
- **Enhanced durability** compared with
