Numatic WBV370 NX300 Pro Cordless Wet Vacuum Cleaner - with 1 Battery & Charger

Variant code: 16-WBV370NX1

Numatic WBV370NX Pro Cordless Wet Vacuum Cleaner is a powerful battery-operated wet pick-up vacuum designed to deliver professional spill recovery and liquid collection performance without the restrictions of mains power. Equipped with advanced NX300 36V Battery Technology and a high-performance 400W digital motor, the WBV370NX provides efficient, flexible and safe cleaning for busy commercial environments.

Designed for rapid response to spillages and wet cleaning tasks, the WBV370NX delivers up to 40 minutes of cordless runtime from a single charge. Its compact and manoeuvrable design allows operators to clean freely in public areas, healthcare facilities, schools, hospitality venues and commercial buildings without trailing cables or creating trip hazards. The powerful 400W digital motor provides strong suction performance, ensuring effective liquid recovery while leaving floors clean, dry and safe for immediate use.

Part of the innovative NX300 Pro Cordless platform, the WBV370NX features a clear LCD battery status display and rapid charging technology that recharges the battery to 80% capacity in just one hour. The cordless design improves productivity and safety while reducing downtime. Supplied complete with one NX300 battery and charger, the WBV370NX is ready for professional wet cleaning applications straight out of the box.

Product Features

- **Professional cordless wet vacuum cleaner**
- NX300 36V lithium-ion battery technology
- Powerful 400W digital motor
- Up to 40 minutes cordless runtime
- Designed for wet pick-up and spill recovery
- LCD battery charge status display
