Numatic Polyscrub Brush - 330mm

Variant code: 16-606033

Numatic Polyscrub Brush is a professional floor scrubbing brush designed for use with compatible Numatic rotary machines and scrubber dryers. Engineered for effective cleaning performance across a variety of hard floor surfaces, this durable brush provides excellent agitation and dirt removal, making it an essential accessory for routine floor maintenance and deep cleaning applications.

Manufactured to Numatic's high standards, the Polyscrub Brush features durable bristles designed to loosen and remove dirt, grime and surface contamination from hard floors without compromising cleaning efficiency. Suitable for a wide range of commercial and industrial cleaning tasks, the brush delivers consistent floor contact to maximise scrubbing performance and improve cleaning results. Available in **330mm, 400mm and 450mm sizes**, it allows users to select the correct brush size to match their machine and cleaning requirements.

Built for reliability and long service life, the Numatic Polyscrub Brush is ideal for daily cleaning programmes in demanding environments. Easy to fit and maintain, it provides a practical solution for enhancing floor cleaning productivity while helping to maintain safe, clean and professional-looking floors.
