Numatic PPH320A - 12L HEPA Dry Tub Vacuum Cleaner

Variant code: 16-PPH320A

Numatic PPH320A HEPA Dry Tub Vacuum Cleaner is a professional high-filtration dry vacuum cleaner designed to deliver reliable and hygienic cleaning performance across commercial, healthcare and specialist environments. Combining powerful suction with advanced HEPA filtration, the PPH320A is ideal for applications where improved dust containment and cleaner air quality are essential.

Engineered for professional everyday cleaning, the PPH320A features an efficient HEPA filtration system that captures fine dust particles and helps improve indoor air cleanliness during operation. Its practical rewind cable system improves convenience and storage efficiency, while the compact yet durable tub design ensures easy handling and dependable long-term performance in demanding cleaning environments. The generous 12-litre capacity allows extended cleaning sessions with reduced interruptions for emptying.

Compatible with standard Numatic 32mm tools and accessories, the PPH320A offers versatile cleaning capability across carpets, hard floors, offices, healthcare facilities, hospitality venues and public buildings. Designed for professional reliability and ease of use, this HEPA dry vacuum cleaner provides powerful and hygienic cleaning performance for commercial cleaning teams and facilities management operations.

Product Features

- **Professional HEPA dry tub vacuum cleaner**
- Advanced high-efficiency HEPA filtration system
- Practical rewind cable storage system
- Large 12L dust collection capacity
- Compact and durable professional design
- Compatible with standard Numatic 32mm tools
- Reliable commercial dry vacuum performance
- **Suitable for hygienic commercial cleaning environments**
