

Numatic PPT220A Provac – 9 Litre Vacuum Cleaner with Trolley – 240V

Variant code: 16-PPT220A

Numatic PPT220A ProVac Vacuum Cleaner with Trolley is an innovative all-in-one commercial vacuum cleaning system designed to improve efficiency, organisation and productivity for professional cleaning teams. Combining powerful vacuum performance with integrated storage and transport functionality, the PPT220A enables operatives to carry essential cleaning tools, chemicals and accessories alongside the vacuum in one practical and highly mobile unit.

Engineered for demanding commercial and multi-site cleaning environments, the PPT220A features a convenient lift-off storage caddy that keeps cloths, sprays and accessories organised and easily accessible during operation. An optional additional colour-coded caddy system supports task-specific or zone cleaning, helping maintain hygiene standards and cleaning efficiency across different environments. Large rear wheels and a telescopic pull handle provide excellent manoeuvrability and make transporting the unit across sites and up stairs quick and effortless.

Built with Numatic's trusted commercial vacuum technology, the PPT220A delivers powerful cleaning performance with a large 9-litre capacity for longer uninterrupted cleaning sessions. High-efficiency HepaFlo triple-layer filtration ensures hygienic, dust-free emptying, while the NuCable replaceable cable system simplifies maintenance and reduces downtime. Supplied complete with the professional ASO accessory kit and stainless steel tube set, the PPT220A is ideal for contract cleaning, facilities management and professional commercial cleaning operations.

Product Features

- **Professional ProVac vacuum cleaner with integrated trolley system**
- Lift-off storage caddy for cleaning supplies and accessories
- Optional colour-coded caddy system for zone cleaning
- Large 9L dust collection capacity
- High-efficiency HepaFlo triple-layer

- filtration system
- NuCable replaceable cable system
- Large rear wheels and telescopic transport handle
- **Supplied with ASO accessory kit and stainless steel tube set**

Product Benefits

- Improves cleaning efficiency across large and multi-site environments
- Integrated storage reduces multiple trips for cleaning supplies
- Large capacity allows longer uninterrupted cleaning sessions
- HepaFlo filtration supports hygienic dust-free emptying
- Colour-coded caddy system supports hygiene management
- Easy transport system improves manoeuvrability and portability
- NuCable system reduces maintenance downtime and repair costs

Technical Characteristics

- **Professional commercial dry vacuum system**
- 9 litre dust collection capacity
- Integrated lift-off storage caddy
- Optional additional colour-coded caddy compatibility
- High-efficiency HepaFlo filtration technology
- NuCable quick-change cable replacement system
- Professional ASO accessory kit included
- **Voltage: 240V**

Applications

Numatic PPT220A ProVac Vacuum Cleaner with Trolley is ideal for contract cleaning teams, facilities management companies, offices, schools, universities, healthcare facilities, hospitality venues, leisure centres and commercial buildings requiring efficient, organised and professional vacuum cleaning operations.
