Numatic PRH180 - Non Rewind Vacuum Cleaner (Hard Wired Vacuum)

Variant code: 16-PRH180

Numatic PRH180 ReFlo Dry Vacuum Cleaner is a compact and professional dry vacuum cleaner designed to deliver powerful cleaning performance, exceptional durability and sustainable manufacturing credentials. Built with Numatic's innovative ReFlo recycled plastic technology, the PRH180 combines reliable commercial cleaning performance with environmentally responsible construction, making it an ideal choice for professional cleaning contractors, facilities management teams and commercial environments.

Powered by a high-efficiency 620W long-life motor, the PRH180 provides powerful and reliable suction performance across carpets, hard floors and general cleaning applications. The machine features a high-performance TriTex filtration system and Numatic's versatile multi-surface ProFlo floor tool, ensuring excellent dust collection and cleaning efficiency. A generous 9-metre power cable provides extended cleaning reach, while the lightweight aluminium tube set offers durability and ease of use for everyday professional cleaning tasks.

Built for long-term reliability, the PRH180 incorporates a minimum of 45% recycled plastic throughout the machine, accessories and toolkit without compromising strength or durability. The compact design includes convenient on-board tool storage, a practical carry handle and easy storage capability. High-efficiency triple-layer HepaFlo filter bags provide hygienic dust containment and clean disposal, while the included precision cleaning kit allows access to corners, edges and hard-to-reach areas. Backed by a 3-Year Commercial Warranty, the PRH180 is designed to deliver dependable performance day after day.

Product Features

- **Professional dry vacuum cleaner with ReFlo recycled plastic technology**
