Numatic ProFlo 38mm Floor Tool - 400mm - Wet

Variant code: 16-602380

Numatic ProFlo 38mm Floor Tool - 400mm is a professional-grade **wet and dry floor tool** designed to deliver outstanding cleaning performance across a wide range of hard floor surfaces. Manufactured to Numatic's high standards, this durable floor tool combines excellent dirt and liquid pick-up with robust construction, making it ideal for commercial, industrial and professional cleaning applications.

Featuring a generous **400mm cleaning width**, the ProFlo floor tool enables operators to clean larger floor areas quickly and efficiently. Designed for both **wet and dry vacuuming applications**, it effectively collects dust, debris, dirt and liquid spills, providing versatile performance from a single accessory. The 38mm fitting ensures compatibility with Numatic wet and dry vacuum systems and other machines using a 38mm accessory connection.

Built for demanding environments, the ProFlo floor tool offers smooth floor contact, excellent manoeuvrability and reliable long-term durability. Whether used in warehouses, workshops, schools, healthcare facilities or commercial premises, it helps maximise vacuum cleaning productivity while delivering professional cleaning results.

Product Features

- **Professional wet and dry floor tool**
- **400mm cleaning width** for efficient area coverage
- Compatible with **38mm vacuum systems**
- Suitable for both wet and dry debris collection
- Durable commercial-grade construction
- Excellent floor contact and pick-up performance
