Numatic Quick 25.2V Battery

Variant code: 16-915170

Numatic Quick Battery is a **genuine rechargeable lithium-ion battery** designed specifically for the **Numatic Quick Battery Powered Stick Vacuum Cleaner**. Engineered to provide reliable cordless power and consistent cleaning performance, this replacement battery helps maximise productivity while maintaining the convenience and flexibility of the Numatic Quick vacuum system.

Utilising advanced **25.2V lithium-ion technology**, the battery delivers dependable power throughout the cleaning cycle, ensuring strong vacuum performance across a variety of floor surfaces. Its lightweight and compact design integrates seamlessly with the Numatic Quick, allowing quick battery changes and minimal disruption during cleaning operations.

The detachable battery system enables users to swap batteries quickly, making it ideal for extended cleaning sessions where continuous operation is required. Whether used as a replacement for an existing battery or as an additional spare, the Numatic Quick Battery helps reduce downtime and increase cleaning efficiency.

Manufactured to Numatic's exacting standards, this genuine battery provides safe, reliable and long-lasting performance. Designed for compatibility with the Quick vacuum range, it supports optimum machine operation and helps maintain the high levels of productivity expected from professional cordless cleaning equipment.

Product Features

- Genuine Numatic replacement battery
- Advanced lithium-ion battery technology
- Designed specifically for the Numatic Quick Vacuum Cleaner
- Detachable and interchangeable battery design
- Provides reliable cordless power
- Lightweight and compact construction
- Quick and easy battery installation
- Supports extended cleaning operations

Product Benefits

Tel: 01626 355177
Email: info@aukhygiene.com

- **Maintains optimum performance of the Numatic Quick vacuum**
- **Provides cordless freedom for flexible cleaning**
- **Allows rapid battery changes with minimal downtime**
- Ideal as a replacement or spare battery
- Supports efficient cleaning across large areas
- Reliable power delivery throughout operation
- Enhances productivity during routine cleaning tasks
- Genuine compatibility ensures dependable performance

Technical Characteristics

- Product Type: Rechargeable Battery
- Battery Technology: Lithium-Ion
- Voltage: 25.2V
- Compatibility: Numatic Quick Battery Powered Stick Vacuum Cleaner
- Installation: Quick-Release Battery System
- Rechargeable: Yes
- Genuine Numatic Accessory
- Lightweight Portable Design

Applications

The Numatic Quick Battery is ideal for **offices, schools, healthcare facilities, retail environments, hospitality venues, care homes and domestic properties** using the Numatic Quick cordless vacuum cleaner. Suitable for maintaining uninterrupted cleaning operations, it provides dependable power for **routine vacuuming, daytime cleaning, spot cleaning and general floor maintenance**, helping users maximise the efficiency and flexibility of their cordless cleaning equipment.
