Numatic Slide on Brush for Upholstery Nozzle NVA-46B - 150mm

Variant code: 16-601146

Numatic Slide-On Brush for Upholstery Nozzle NVA-46B - 150mm is a genuine Numatic vacuum accessory designed to enhance upholstery cleaning performance by providing gentle agitation of dust, dirt and debris from fabric surfaces. Designed to fit the compatible NVA-46B upholstery nozzle, this practical slide-on brush helps improve cleaning efficiency while protecting delicate materials.

Featuring a **150mm width**, the brush attachment easily slides onto the upholstery nozzle, allowing operators to loosen embedded dust, pet hair and surface debris while vacuuming. The carefully designed bristles provide effective cleaning action without damaging upholstery fabrics, making it ideal for use on chairs, sofas, curtains, mattresses and other soft furnishings. Its quick-fit design enables fast installation and removal, allowing users to adapt their cleaning tools to suit different tasks.

Manufactured to genuine Numatic standards, the slide-on brush offers excellent durability and long-term performance in both commercial and domestic cleaning environments. It is an essential accessory for achieving professional upholstery cleaning results while maintaining the appearance and condition of soft furnishings.
