# Numatic Squeegee Blade Set for 244NX Scrubber Dryer - Pack of 2

**Variant code: 16-913810**

**Numatic Squeegee Blade Set** is a **genuine replacement blade kit** designed specifically for the **Numatic 244NX Cordless Scrubber Dryer**. Engineered to maintain optimum water recovery performance, these replacement blades help ensure floors are left clean, dry and safe after every cleaning operation, supporting the high productivity and efficiency of the 244NX machine.

The squeegee assembly is a critical component of the scrubber dryer, responsible for collecting dirty water and directing it into the recovery tank. Over time, blades can become worn through regular use, reducing water pick-up efficiency and leaving streaks or residual moisture behind. Replacing worn blades with genuine Numatic components helps restore maximum drying performance and maintain professional cleaning results.

Manufactured from durable, wear-resistant materials, the blade set is designed to provide long service life in demanding commercial cleaning environments. The precision-engineered design ensures a perfect fit with the 244NX squeegee system, allowing for quick installation and reliable operation.

Supplied as a **pack of 2**, this genuine Numatic replacement set provides the essential components required to keep your 244NX performing at its best and delivering consistently dry, streak-free floors.

## Product Features

- Genuine Numatic replacement squeegee blade set
- Designed specifically for the Numatic 244NX Scrubber Dryer
- Maintains optimum water recovery performance
- Helps prevent streaking and residual floor moisture
- Durable wear-resistant construction
- Precision fit for reliable operation
- Easy to install and replace
- Supplied as a **pack of 2**

## Product Benefits

- **Restores efficient floor drying performance**
- **Improves dirty water recovery and collection**
- **Helps leave floors clean, dry and ready for use**
- Reduces streaking and standing water
- Supports professional cleaning standards
- Minimises slip hazards caused by wet floors
- Extends the effectiveness of the scrubber dryer
- Genuine compatibility ensures dependable performance

## Technical Characteristics

- Product Type: Squeegee Blade Set
- Compatibility: Numatic 244NX Scrubber Dryer
- Function: Water Recovery and Floor Drying
- Quantity: Pack of 2
- Material: Durable Wear-Resistant Rubber
- Genuine Numatic Accessory
- Easy-Fit Replacement Design
- Commercial-Grade Performance

## Applications

Numatic Squeegee Blade Set is ideal for **schools, healthcare facilities, retail environments, offices, hospitality venues, leisure centres and commercial buildings** using the **Numatic 244NX Scrubber Dryer**. Suitable for maintaining effective water recovery on **vinyl flooring, safety flooring, tiles, sealed hard floors and other washable surfaces**, these replacement blades help ensure floors are left dry, safe and professionally cleaned after every use.
