Numatic Stainless Steel 3 Piece Tube Set - 32mm

Variant code: 16-601053

Numatic Stainless Steel 3 Piece Tube Set - 32mm is a genuine Numatic vacuum accessory designed to provide a durable and reliable extension solution for professional and domestic vacuum cleaning applications. Manufactured from high-quality stainless steel, this tube set offers superior strength and longevity compared to aluminium or chrome alternatives, making it ideal for demanding cleaning environments.

Designed to fit **all 32mm vacuum cleaners**, the set includes **two straight extension tubes** and **one bent end tube**, providing the flexibility needed for comfortable and efficient cleaning. The bent end tube incorporates a convenient **airflow volume control**, allowing users to adjust suction levels to suit different floor surfaces and cleaning tasks. The robust stainless steel construction resists dents, corrosion and wear, ensuring dependable performance and a long service life.

Whether replacing worn tubes or upgrading existing accessories, this genuine Numatic tube set delivers professional-grade durability and compatibility. Easy to assemble and lightweight enough for comfortable use, it provides an effective solution for maintaining optimum vacuum cleaner performance.
