Numatic TBL6055 - Lithium Battery Scrubber Dryer - 550mm

Variant code: 16-TBL6055/100

Numatic TBL6055 is a high-performance **lithium battery scrubber dryer** engineered to deliver professional cleaning results across demanding commercial and industrial environments. Combining a generous **60-litre tank capacity** with a highly productive **550mm scrubbing width**, the TBL6055 provides the ideal balance of cleaning power, manoeuvrability and operational efficiency for larger floorcare applications.

Powered by Numatic's advanced **NX1K Lithium Phosphate battery technology**, the machine delivers exceptional runtime, rapid charging and significantly longer battery life compared with traditional lead-acid systems. Supplied complete with **2 NX1K batteries**, the TBL6055 benefits from up to **4,000 charge cycles** and flexible charging capabilities, allowing batteries to be topped up at any time without compromising battery health. Combined with commercial-grade **TwinFlo vacuum** and brush motors, the machine delivers powerful scrubbing and excellent water recovery, leaving floors clean, dry and safe for immediate use.

Designed with operator productivity in mind, the TBL6055 features intuitive colour-coded controls, onboard charging and advanced fleet management capabilities through **Nu-Track Insights**. Operators also benefit from instant access to support, maintenance information and troubleshooting guidance through the **Nu-Assist App**. Built for reliability, performance and long-term value, the TBL6055 is an ideal solution for organisations seeking cutting-edge lithium-powered floor cleaning technology.

Product Features

- **550mm scrubbing width** for high-productivity floor cleaning
- **60-litre capacity** supports extended cleaning sessions
- Supplied with **2 NX1K lithium batteries**
- Commercial-grade **TwinFlo vacuum and brush motors**
- **140rpm brush speed** for effective dirt

removal
- Onboard charging system and colour-coded operator controls
- Compatible with **Nu-Track Insights** fleet management technology

Product Benefits

- Delivers powerful cordless cleaning performance
- Provides up to four times longer battery life than lead-acid alternatives
- Reduces downtime through fast and flexible charging
- Improves productivity across large floor areas
- Leaves floors clean, dry and safe for immediate use
- Supports lower operating costs and improved fleet efficiency
- Provides ongoing support through the Nu-Assist App

Technical Characteristics

- Professional **lithium battery scrubber dryer**
- **550mm cleaning width**
- **60 litre solution and recovery tank capacity**
- **140rpm brush speed**
- Advanced **NX1K Lithium Phosphate battery technology**
- Up to **4,000 charge cycles** and extended battery warranty
- Supplied complete with 2 NX1K batteries, onboard charger and brush

Applications

Numatic TBL6055 is ideal for warehouses, retail stores, healthcare facilities, schools, leisure centres, manufacturing environments and large commercial premises where powerful cordless floor cleaning is essential. Its high-capacity tanks, advanced lithium battery platform and intelligent fleet management capabilities make it particularly suitable for organisations seeking to maximise cleaning productivity while reducing downtime and operational costs.
