Numatic TTB1840 NX 36V Battery Scrubber Dryer - with 2 Batteries & Scrubbing Brush

Variant code: 16-TTB1840NX/2

Numatic TTB1840NX Cordless Scrubber Dryer is a professional battery-powered floor cleaning machine engineered to deliver powerful, efficient and consistent hard floor cleaning without the restrictions of mains cables. Featuring Numatic's advanced NX300 36V lithium-ion battery technology, the TTB1840NX provides exceptional cleaning performance, enhanced operator safety and maximum productivity for commercial and public environments.

Designed for ease of use, the TTB1840NX is simple to set up and operate, making it suitable for cleaning teams of all experience levels. A fully adjustable handle allows operators to achieve the perfect working position, whilst the compact folding design enables easy transport and convenient storage. Pads and brushes can be changed quickly with a simple single-handed, tool-free system, reducing downtime and increasing cleaning efficiency.

Powered by two NX300 high-performance lithium-ion batteries, the machine delivers market-leading runtime and reliable cleaning power throughout the working day. Engineered and tested for commercial applications, each battery is capable of up to 2,500 charge cycles and is supported by Numatic's comprehensive 3-year battery warranty. As part of the interchangeable Pro Cordless Network, the NX300 batteries can also be shared across compatible Numatic cordless machines, helping maximise operational flexibility.

The innovative Centrifugal Water System ensures consistent water flow across the brush or pad, improving dirt removal whilst reducing water consumption. Cordless operation eliminates cable-related slip and trip hazards, making the TTB1840NX particularly suitable for day cleaning in busy public environments such as retail stores, transport hubs, healthcare facilities and educational establishments.

Product Features

Tel: 01626 355177
Email: info@aukhygiene.com

- **Professional cordless scrubber dryer**
- Powered by NX300 36V lithium-ion battery technology
- Supplied with 2 NX300 batteries and scrubbing brush
- Up to 60 minutes runtime per battery with 1-hour fast charging
- Fully adjustable ergonomic handle
- Compact folding design for easy transport and storage
- Tool-free single-handed brush and pad replacement
- Centrifugal Water System for even water distribution

Product Benefits

- Provides powerful cordless hard floor cleaning performance
- Reduces slip, trip and fall risks by eliminating cables
- Improves productivity with interchangeable battery technology
- Ensures consistent cleaning results with controlled water delivery
- Minimises downtime through rapid charging capability
- Simple operation reduces training requirements
- Compact design allows cleaning in confined and busy areas

Technical Characteristics

- **NX300 36V lithium-ion battery platform**
- Supplied with 2 high-capacity NX300 batteries
- 300Wh battery capacity
- Up to 60 minutes runtime per battery
- 1-hour fast charge capability
- Up to 2,500 battery charge cycles
- Part of the Numatic Pro Cordless interchangeable battery network
- Includes professional scrubbing brush

Applications

Numatic TTB1840NX Cordless Scrubber Dryer is ideal for retail stores, shopping centres, healthcare facilities, schools, colleges, public transport environments, hospitality venues, offices, leisure centres, facilities management providers and contract cleaning companies requiring safe, efficient and professional hard floor cleaning throughout the day.
