

Numatic Twintec TT4055 240V 550mm Mains Scrubber Drier Complete with Brush

Variant code: 16-TT4055G

Outstanding specification with mains power, 40L capacity and 550mm scrub width, making for the highest standard both in terms of design and equally in terms of performance.

The big advantage of cable machines is the amazing power provided by mains operation, three times that of battery machines.

The TwinTec TT4055 is at home in larger areas, extensively in many industrial applications where floors are rough and exceptionally dirty and can be used in conjunction with our cable roll, extending the cable length from 20m to 40m without any loss of performance.

Features

- **Powerful Cleaning Results** – Powerful wet pick-up with heavy-duty Polyform tanks and TwinFlo vacuum motor.
- **User Comfort** – Simple operator controls with fully adjustable handle and FlexiFill system.
- **Built to Last** – Heavy-duty Structofoam chassis construction to endure years of industrial use.
- **Stay Cleaning for Longer** – Huge 40L capacity, 150rpm brush speed and 550mm brush width.
- **Support at your Fingertips, Straight from your Mobile** – Access a wide range of help and support through the Nu-Assist App.

Property	Value
