Numatic Type Freeflo 32mm Floor Tool with Wheels

Variant code: 16-TLS109

Numatic FreeFlo 32mm Floor Tool with Wheels is a **professional low-profile vacuum floor tool** designed to deliver smooth, efficient cleaning across **hard floors and short pile carpets**. Compatible with **32mm Numatic vacuum cleaners and accessories**, this versatile floor tool offers excellent manoeuvrability, making it particularly well suited for backpack vacuums and cleaning large floor areas.

The **low-profile design** enables easy access beneath furniture, shelving and fixtures, while the integrated wheels allow the tool to glide effortlessly across surfaces with minimal resistance. This reduces operator fatigue and improves productivity during extended cleaning sessions.

Engineered for everyday commercial use, the FreeFlo floor tool provides effective dust and debris pick-up on a variety of floor surfaces. Its durable construction ensures long-lasting performance in demanding environments, making it an ideal replacement or upgrade for compatible 32mm vacuum systems.

Suitable for both routine maintenance and large-area cleaning, the Numatic FreeFlo Floor Tool delivers reliable performance, excellent handling and efficient cleaning results.
