Numatic Type Microfibre Vacuum Bags - Pack of 10

Variant code: 16-SDB373

Numatic Type Microfibre Vacuum Bags are **high-performance replacement dust bags** designed for compatible **Numatic vacuum cleaners**. Manufactured from advanced microfibre filtration material, these premium dust bags provide superior dust retention, improved airflow and enhanced filtration compared to conventional paper vacuum bags.

The durable microfibre construction effectively captures fine dust, dirt and airborne particles while maintaining strong suction performance throughout the life of the bag. The robust material is resistant to tearing, helping ensure reliable operation and hygienic disposal of collected debris in demanding commercial cleaning environments.

Supplied as a convenient **pack of 10**, these replacement microfibre dust bags offer an economical solution for routine vacuum maintenance. Regular replacement helps maximise cleaning efficiency, protect the vacuum's filtration system and support cleaner indoor air quality.

Product Features

- Replacement microfibre vacuum dust bags
- Suitable for compatible Numatic vacuum cleaners
- Advanced microfibre filtration material
- Excellent dust and fine particle retention
- Maintains strong airflow and suction performance
- Durable tear-resistant construction
- Supports hygienic dust disposal
- Supplied as a pack of 10

Product Benefits

- **Provides superior filtration compared to standard paper bags**
- **Maintains optimum suction and airflow for longer**
- **Captures fine dust for improved indoor air quality**
- Helps protect the vacuum's filtration system

- Durable design reduces the risk of bag failure
- Quick and hygienic replacement process
- Ideal for routine commercial cleaning maintenance
- Cost-effective bulk pack solution

Technical Characteristics

- Product Type: Microfibre Vacuum Dust Bags
- Compatibility: Suitable for Compatible Numatic Vacuum Cleaners
- Material: Microfibre Filtration Media
- Quantity: Pack of 10
- Application: Dust Collection & Filtration
- Installation: Replacement Dust Bag
- Disposable Design
- Suitable for Commercial and Domestic Use

Applications

Numatic Type Microfibre Vacuum Bags are ideal for **offices, schools, healthcare facilities, hotels, retail premises, public buildings and domestic properties** using **compatible Numatic vacuum cleaners**. Suitable for collecting **dust, dirt, hair and fine dry debris**, they help maintain powerful suction, efficient filtration and hygienic waste disposal while supporting high cleaning standards in professional and everyday environments.
