Numatic Upholstery Nozzle NVA-45B - 150mm

Variant code: 16-601145

Numatic Upholstery Nozzle NVA-45B - 150mm is a genuine Numatic vacuum accessory specifically designed for efficient cleaning of upholstery, soft furnishings and fabric-covered surfaces. Engineered to provide excellent dust and debris removal without damaging delicate materials, this professional-grade nozzle is ideal for both commercial and domestic cleaning applications.

Featuring a compact **150mm cleaning width**, the NVA-45B upholstery nozzle allows precise cleaning of chairs, sofas, mattresses, curtains, vehicle interiors and other fabric surfaces. Its carefully designed suction channel concentrates airflow for effective dirt removal while remaining gentle enough for regular use on upholstery fabrics. The narrow profile also makes it easier to clean around seams, edges and confined areas where dust and debris commonly accumulate.

Manufactured to genuine Numatic standards, the NVA-45B offers durable construction and reliable performance for everyday cleaning tasks. Easy to attach to compatible vacuum systems, it provides a practical solution for maintaining clean, hygienic and professionally presented soft furnishings across a wide range of environments.
