Numatic WV570 - Single Motor Wet & Dry Vacuum Cleaner - 240V

Variant code: 16-WV570

Numatic WV570 Wet & Dry Vacuum Cleaner is a powerful professional wet and dry vacuum cleaner engineered to deliver exceptional cleaning performance in demanding commercial and industrial environments. Combining high-capacity cleaning capability with portable convenience, the WV570 provides reliable wet and dry vacuum operation without compromising performance in either mode.

Built for heavy-duty professional use, the WV570 features Numatic's powerful TwinFlo bypass motor system, delivering strong suction and efficient cleaning results across workshops, warehouses, factories and commercial premises. Designed for versatility, the machine quickly converts between dry vacuuming and wet recovery by simply exchanging the dry filter for the wet safety float valve and changing the floor nozzle. Its durable Structofoam construction provides outstanding resistance to dents, scratches and industrial wear while remaining practical and easy to transport.

User-friendly features including easy-empty handles and a professional BS8 accessory kit with stainless steel tube set make the WV570 ideal for demanding commercial cleaning tasks. Whether handling liquid spills, industrial debris or everyday dry cleaning applications, the WV570 delivers dependable professional cleaning performance with the durability and reliability expected from Numatic equipment.

Product Features

- **Professional wet & dry vacuum cleaner**
- Powerful TwinFlo bypass motor system
- Heavy-duty Structofoam construction
- Wet and dry cleaning capability
- Quick-change wet safety float valve system
- Easy-empty handle design for convenient disposal
- Professional BS8 accessory kit with stainless steel tube set included
- **Portable commercial-grade cleaning solution**

Product Benefits

- Provides powerful wet and dry professional cleaning performance
- Quickly converts between wet and dry vacuum operation
- Structofoam construction withstands demanding industrial environments
- Portable design improves mobility and ease of transport
- Easy-empty system reduces downtime during operation
- Professional accessories support versatile cleaning tasks
- Reliable TwinFlo motor ensures consistent suction performance

Technical Characteristics

- **TwinFlo bypass motor technology**
- Professional wet and dry vacuum cleaning system
- Heavy-duty Structofoam commercial construction
- Wet safety float valve protection system
- Easy-empty handle configuration
- Professional BS8 accessory kit included
- Stainless steel tube set supplied
- **Voltage: 240V**

Applications

Numatic WV570 Wet & Dry Vacuum Cleaner is ideal for warehouses, workshops, factories, construction sites, maintenance departments, janitorial services, industrial cleaning operations and contract cleaning companies requiring reliable professional wet and dry vacuum cleaning performance.
