Numatic WV900 Wet Pick Vacuum Cleaner Single Motor - 240V

Variant code: 16-WV900

Numatic WV900 Wet Pick-Up Vacuum Cleaner - Single Motor - 240V is a powerful and dependable professional wet vacuum designed for demanding commercial and industrial liquid recovery applications. Featuring Numatic's proven wet pick-up technology, large-capacity drum design and robust construction, the WV900 delivers exceptional performance for handling spills, flood recovery and routine wet cleaning tasks.

Built around a high-performance **single-motor vacuum system**, the WV900 provides powerful suction for fast and efficient liquid collection. Its generous capacity allows operators to recover substantial volumes of water and liquids before emptying, improving productivity and reducing downtime. The durable Structofoam construction is resistant to impact, chemicals and corrosion, ensuring reliable long-term performance even in the toughest working environments. Large rear wheels and heavy-duty castors provide excellent manoeuvrability, allowing the machine to move easily across a variety of surfaces.

Designed for professional use, the WV900 incorporates a simple and practical tipper system for easy emptying and maintenance. Its robust design, powerful suction performance and large capacity make it the ideal solution for contractors, facilities management teams and industrial operators requiring efficient wet-only vacuum cleaning and liquid recovery.

Product Features

- **Professional wet pick-up vacuum cleaner**
- High-performance single motor vacuum system
- **240V mains powered operation**
- Large-capacity collection drum
- Heavy-duty Structofoam construction
- Tipper system for easy emptying
- Large wheels and castors for easy manoeuvrability
- Designed specifically for wet pick-up

applications

Product Benefits

- Provides powerful and efficient liquid recovery
- Ideal for flood recovery and spill management
- Large capacity reduces emptying frequency
- Durable construction withstands demanding environments
- Easy to transport, empty and maintain
- Improves productivity during wet cleaning operations
- Reliable Numatic performance for professional users

Technical Specifications

- Product Type: Wet Pick-Up Vacuum Cleaner
- Model: WV900
- Power Supply: 240V
- Motor Configuration: Single Motor
- Application: Wet Vacuuming and Liquid Recovery
- Construction: Heavy-Duty Structofoam
- Large Capacity Collection Drum
- Professional Commercial and Industrial Use

Applications

Numatic WV900 Wet Pick-Up Vacuum Cleaner is ideal for facilities management, cleaning contractors, warehouses, factories, workshops, schools, healthcare facilities, leisure centres and industrial environments. Perfect for recovering spills, washdown water, flood water and other liquids where powerful wet vacuum performance and large-capacity recovery are essential.

Property	Value
Length (mm)	800
Vacuum Motor Wattage (W)	1000W
Capacity (L)	Dry: 40L Wet: 32L
Cable Length (m)	10
Weight (kg)	25.20
