Numatic WVD1800AP-2 - Wet & Dry Vacuum Cleaner with Pump Out - 240V

Variant code: 16-WVD1800AP-2/240V

Numatic WVD1800AP-2 Wet & Dry Vacuum Cleaner with Pump Out is a heavy-duty industrial wet and dry vacuum system engineered for demanding commercial cleaning, flood recovery and continuous liquid extraction applications. Combining powerful TwinFlo motor performance with an integrated automatic pump-out system, the WVD1800AP-2 delivers professional high-capacity cleaning performance with minimal downtime.

Designed for intensive industrial and commercial environments, the WVD1800AP-2 efficiently handles both wet and dry vacuum cleaning tasks while automatically discharging collected liquids through its built-in pump-out system. This continuous pump-out capability significantly reduces interruptions caused by manual emptying, making the machine ideal for flood recovery, large-scale wet cleaning operations, construction environments and industrial maintenance tasks. Its durable heavy-duty construction ensures reliable long-term performance in harsh working conditions.

Built to professional Numatic specifications, the WVD1800AP-2 features high-performance TwinFlo vacuum motors, large-capacity collection capability and professional accessory compatibility for versatile cleaning across floors, workshops, warehouses and industrial facilities. The integrated pump-out function, combined with robust mobility and industrial-grade design, makes this vacuum cleaner a dependable solution for demanding professional cleaning operations.

Product Features

- **Professional industrial wet & dry vacuum cleaner**
- Integrated automatic pump-out discharge system
- High-performance TwinFlo motor technology
- Continuous liquid recovery capability
- Heavy-duty industrial construction
- Professional wet and dry cleaning

performance
- Large-capacity commercial collection system
- **Suitable for flood recovery and industrial cleaning**

Product Benefits

- Automatically pumps out collected liquids during operation
- Reduces downtime caused by manual emptying
- Handles demanding wet and dry cleaning applications efficiently
- High-performance TwinFlo motors provide powerful suction
- Durable construction withstands industrial environments
- Improves productivity during flood recovery and wet cleaning tasks
- Professional accessory compatibility increases versatility

Technical Characteristics

- **TwinFlo industrial vacuum motor system**
- Integrated automatic pump-out functionality
- Professional wet and dry vacuum operation
- Heavy-duty commercial and industrial construction
- Continuous liquid extraction capability
- Large-capacity collection system
- Professional accessory and tool compatibility
- **Designed for industrial and contractor cleaning applications**

Applications

Numatic WVD1800AP-2 Wet & Dry Vacuum Cleaner with Pump Out is ideal for flood recovery, construction sites, warehouses, factories, workshops, industrial facilities, maintenance operations, janitorial services and contract cleaning companies requiring high-capacity professional wet and dry vacuum cleaning with continuous liquid pump-out capability.

Property	Value
Length (mm)	785

Property	Value
Vacuum Motor Wattage (W)	1000
Capacity (L)	70
Cable Length (m)	10
Weight (kg)	39.4
Width (mm)	684
Height (mm)	935
Accessories Included with Machine	Hose (NUFLEX) (2.4m), Stainless Steel Bend tube, Stainless Steel Extension Tube, 400mm ProFlo Wet Floor tool
Voltage	230V AC 50/60Hz
Noise Level (dB)	73.0 -79.0 dB(A)
Vacuum Airflow (Litres per Second)	91
Max Suction H20 (mm)	2600
Cleaning Range (m)	26.8
