Numatic WVD1800DH-2 - Twin Motor Wet Pick-Up Vacuum Cleaner - 70L - 240V

Variant code: 16-WVD1800DH-2

Numatic WVD1800DH-2 Twin Motor Wet Pick-Up Vacuum Cleaner is a powerful industrial wet recovery vacuum cleaner engineered for high-capacity liquid collection and demanding commercial cleaning environments. Combining dual-motor performance with a large 70-litre capacity, the WVD1800DH-2 delivers exceptional wet pick-up efficiency, durability and reliability for professional flood recovery and industrial maintenance applications.

Built for intensive wet cleaning operations, the WVD1800DH-2 features Numatic's powerful TwinFlo motor system to provide strong suction performance for rapid liquid recovery across warehouses, factories, workshops, construction sites and commercial facilities. Its large-capacity 70-litre drum reduces interruptions caused by frequent emptying, allowing operators to maintain productivity during demanding cleaning tasks. The robust industrial construction is designed to withstand harsh working conditions while ensuring dependable long-term performance.

Designed with professional usability in mind, the WVD1800DH-2 incorporates durable transit wheels and ergonomic handling for easier manoeuvrability in industrial environments. Supplied with professional wet pick-up accessories and tube systems, this heavy-duty vacuum cleaner is ideal for contract cleaners, maintenance teams and facilities management operations requiring reliable high-capacity liquid recovery performance.

Product Features

- **Professional twin motor wet pick-up vacuum cleaner**
- Powerful TwinFlo dual motor suction system
- Large 70L liquid recovery capacity
- Heavy-duty industrial drum construction
- Professional wet recovery cleaning performance
- Durable wheels for easy transport and stability

- Supplied with professional wet cleaning accessories
- **240V industrial power supply**

Product Benefits

- Provides rapid and efficient liquid recovery
- Large capacity reduces downtime during operation
- Twin motor performance delivers powerful suction
- Durable construction withstands industrial environments
- Improves productivity for flood recovery and maintenance tasks
- Easy manoeuvrability supports efficient operation
- Professional accessories improve cleaning versatility

Technical Characteristics

- **TwinFlo dual motor wet vacuum system**
- 70 litre wet collection capacity
- Industrial-grade heavy-duty construction
- Professional wet recovery operation
- Commercial and industrial cleaning compatible
- Professional accessory and tube system included
- Designed for demanding wet cleaning applications
- **Voltage: 240V**

Applications

Numatic WVD1800DH-2 Twin Motor Wet Pick-Up Vacuum Cleaner is ideal for flood recovery, construction sites, warehouses, factories, workshops, industrial maintenance, facilities management, janitorial services and contract cleaning companies requiring powerful high-capacity professional wet vacuum cleaning performance.

Property	Value
Length (mm)	785
Vacuum Motor Wattage (W)	2x1000W
Capacity (L)	70
