Oven Cloths - 14" x 40" - Pack of 5

Variant code: 12-33SS

Oven Cloths are professional-grade protective kitchen cloths designed to provide reliable hand and forearm protection when handling hot cookware, trays and kitchen equipment. Manufactured for demanding commercial catering environments, these extra wide oven cloths combine heat resistance, durability and flexibility to support safe kitchen operations.

Designed specifically for professional chefs, catering teams and food service environments, these heat resistant oven cloths help protect hands and arms from hot surfaces during cooking, baking and food preparation tasks. Their extra-long 14" x 40" design offers extended coverage and improved handling safety when moving hot trays, pans and ovenware. Manufactured to comply with **EN 407:2017** heat protection standards, these oven cloths provide dependable performance in busy commercial kitchens.

Supplied in a convenient **pack of 5 oven cloths**, these professional kitchen cloths offer a practical and durable heat protection solution for restaurants, bakeries, catering operations and hospitality environments.
