

3M Premium 17" Floor Pads – Pack of 5 – Black

Variant code: 03-3M17BK

The **Premium 17" Floor Pads** are designed for professional floor cleaning and maintenance using compatible rotary floor machines. Available in **Black and Red**, these floor pads provide different levels of cleaning action to suit a range of floor care requirements, from routine cleaning and light buffing to intensive scrubbing and floor finish removal.

The **Black Floor Pad** is designed for **heavy-duty wet scrubbing and stripping**, helping remove stubborn layers of emulsion floor polish and accumulated surface deposits. The **Red Floor Pad** is suited to **routine cleaning and light buffing**, helping remove light surface marks and dirt while maintaining the appearance of suitable finished floors.

Designed for use with **rotary floor cleaning machines**, these 17-inch pads provide consistent contact with the floor surface. The pads can be **used on both sides** and cleaned after use to help extend their service life. Supplied in a convenient **pack of 5 pads**, they are suitable for commercial, industrial and professional floor maintenance applications.

Product Features

- **17-inch floor pads** for professional rotary floor cleaning machines
- Available in **Black and Red** colour variants
- **Black Pad:** Heavy-duty wet scrubbing and floor polish stripping
- **Red Pad:** Routine cleaning and light buffing
