

AUK Pro Surface & Glass Cleaning Mop – 30cm – Inc Frame & Long Reach Handle

Variant code: 14-APS30LRK

The AUK Pro Surface Cleaning Mop

Benefits include:

Ideal for achieving streak-free cleaning of internal glass using only water and the glass cleaning cloths (not included). Can also be used for other hard surfaces including table tops, desks and washroom cubicles using standard microfibre cloths.

Ease of use – Glass cleaning pads and microfibre cloths can quickly be applied and changed as required.

The flat-head design enables you to apply even pressure to the surface, improving all-round cleaning performance.

Lightweight and easy to use.

Minimum maintenance – simply launder the glass cleaning pads/microfibre cloths when they become soiled

Telescopic handle extends from 102-184cm, aiding with body posture when cleaning for high reach tasks.
