Body Fluid Disposal 2 Application Kit

Variant code: 21-BFK

The biohazard body fluid clean up kits are ideal for small body fluid spills. They're available in 2 or 5 application kits, or choose our 1 application refill pack.

Our biohazard body fluid clean up kits are also easy to add into a first aid kit or to replenish existing body fluid spill kits.

Each kit includes:

- Disinfectant: A broad spectrum viricide, bactericide and fungicide, also highly effective against micro-organisms. (Viruses, Bacteria and Fungi)
- Super Absorbent Granules: A fast acting, sugar absorbent powder due to it rapidly congealing and deodorising fluid spillages
- Clothing: Polythene Over sleeves, Aprons, Disposable Gloves, Bio-Hazard Bag, Plastic Scoop and Scrape.
- Wipes: Non-woven wipes and an antiseptic wipe

The kit contains x2 of the content listed above - box dimensions 227x165x47mm.
