

Floor Scraper Complete for Wood/Vinyl Surfaces – Blue

Variant code: 11-105335B

Floor Scraper Complete for Wood/Vinyl Surfaces – Blue is a **manual floor scraper tool** designed for the effective removal of debris, adhesives and surface build-up from wood and vinyl flooring. Manufactured by Robert Scott, a trusted brand in professional cleaning equipment, this tool is developed for durability and consistent performance in commercial and maintenance environments.

The scraper is engineered to tackle stubborn residues that standard cleaning methods may not remove, including dried dirt, adhesive remnants and surface contaminants. Its design allows controlled pressure during use, helping operators clean efficiently without causing unnecessary damage to sensitive floor types such as wood and vinyl. The **complete tool format** ensures it is ready for immediate use, combining handle and blade for convenience and ease of handling.

Finished in **blue**, the scraper can be integrated into colour-coded cleaning systems, supporting hygiene control and reducing the risk of cross-contamination across different work areas. Its robust construction supports repeated use in demanding environments, making it suitable for both routine maintenance and more intensive cleaning tasks.

Product Features

- **Manual floor scraper tool** for removing debris and build-up
- Designed for use on wood and vinyl flooring surfaces
- **Complete unit** including handle and scraper head
- Effective for removing adhesives, dirt and surface residues
- **Blue colour** for integration into hygiene systems
- Durable construction for repeated professional use

Product Benefits

- Improves cleaning efficiency on difficult surface residues

- Supports maintenance of sensitive flooring materials
- Reduces reliance on harsh chemicals for residue removal
- Enhances hygiene control through colour-coded use
- Provides a reliable solution for manual cleaning tasks
- Suitable for both routine and deep cleaning applications

Technical Characteristics

- Designed for manual operation
- Suitable for wood and vinyl floor surfaces
- Complete unit supplied ready for use
- Compatible with standard floor maintenance routines
- Clean blade after use to maintain performance
- Store in a dry environment when not in use

Applications

Floor Scraper Complete for Wood/Vinyl Surfaces – Blue is suitable for use in commercial cleaning, facilities management, maintenance and refurbishment environments. It is particularly effective on wood and vinyl floors where adhesive residues, scuffs or ingrained dirt require mechanical removal. Common applications include preparation of flooring prior to treatment, removal of spills or hardened residues, and routine maintenance in areas such as schools, healthcare facilities, retail spaces and hospitality venues.
