Karcher WVP10 Advanced - Window & Surface Vacuum Cleaner

Variant code: 16-WVP10ADV

Kärcher WVP 10 Advanced Window & Surface Vacuum Cleaner is a professional cordless cleaning solution designed to deliver fast, efficient and streak-free cleaning of windows, glass, tiles, table tops and other smooth surfaces. Lightweight, ergonomic and exceptionally versatile, the WVP 10 Advanced removes dirty water quickly and effectively, leaving surfaces instantly dry and ready for use.

Engineered specifically for professional cleaning environments, the WVP 10 Advanced provides outstanding performance on horizontal, vertical and even overhead surfaces. Its robust construction and lightweight design allow comfortable operation throughout extended cleaning tasks, while the large dirty water collection tank and innovative non-return valve system ensure consistent suction performance regardless of operating angle. From windows and mirrors to tiled walls and counters, the WVP 10 Advanced delivers professional results every time.

The removable lithium-ion battery system enables convenient external charging and continuous operation when used with a spare battery. Three integrated LED indicators provide clear battery status monitoring, while the manually adjustable spacer ensures streak-free cleaning right to the edges of surfaces. Supplied as a complete cleaning kit, the WVP 10 Advanced includes microfibre cloths, cleaning concentrate, spray bottle, suction nozzle, fast charger and accessories, making it ready for professional use straight out of the box.

Product Features

- **Professional cordless window and surface vacuum cleaner**
- Streak-free cleaning on glass, tiles and smooth surfaces
- Suitable for horizontal, vertical and overhead cleaning
- Large dirty water collection tank with non-
