

KGS Flexis® Diamond Floor Pads 16" - Course 400 - Red - Box of 2

Variant code: 03-D16R

The cream pad is used for buffing wet or dry giving the ultimate in 'wet look shine' for high gloss finishes. If it is used daily, in combination or without the green pad, it will maintain and improve the deep polish shine. KGS Flexis pads are designed to be the ultimate in daily cleaning and polishing of virtually any hard floor without chemicals. Made with Ferrzon®+ microcrystal technology, they produce cleaner and shinier floors in less time.
