KGS Flexis® Diamond Floor Pads 17" - Medium 800 - Blue - Box of 2

Variant code: 03-D17M

KGS Flexis Diamond Floor Pads are **professional floor cleaning and polishing pads** designed to maintain and improve the appearance of hard floors without the need for chemical cleaning products. Manufactured using **Ferrzon®+ microcrystal technology**, these pads provide effective cleaning while helping produce cleaner, smoother and shinier floor surfaces.

The **Medium 800 Blue pad** is designed for deep cleaning and regular floor maintenance, producing a **light reflective finish**. It is particularly suitable for high-traffic floors in large commercial and industrial environments, where removing dirt, scuff marks and surface imperfections is essential.

Ideal for **spray cleaning polished floors with heavy scuff marks**, the blue pad is particularly effective in school corridors and other busy areas. It can be used occasionally for intensive deep cleaning or daily to maintain a light gloss finish, making it a versatile solution for professional floor care.

Compatible with **slow-speed and high-speed floor cleaning machines and scrubber driers** operating between 100–400 rpm, the pad delivers consistent cleaning and polishing performance using water alone. Its durable construction supports efficient maintenance across a variety of compatible hard floor surfaces.

Product Features

- **Ferrzon®+ microcrystal technology** for effective floor cleaning and polishing
- **Medium 800 grade** for deep cleaning and light polishing
- Produces a **light reflective floor finish**
- Removes heavy scuff marks and ingrained dirt
