

Leonardo Twin Micro Mini Dispenser – White/Clear

Variant code: 28-DCWVST

The **Leonardo Twin Micro Mini Toilet Roll Dispenser** is a compact **twin-roll dispensing system** designed to provide a reliable supply of toilet tissue while helping to **reduce waste** in professional washrooms. Its practical twin-roll configuration promotes **complete roll usage**, allowing one roll to be fully consumed before the replacement roll is brought into use.

Featuring a contemporary **White/Clear finish**, the dispenser provides a clean and professional appearance suitable for a wide range of commercial environments. The **transparent design** allows cleaning and maintenance teams to **quickly monitor tissue levels**, making it easier to identify when replenishment is required and helping prevent unexpected shortages.

Designed for dependable everyday use, the dispenser features a **lockable construction** to help protect the tissue supply in busy or public washrooms. Combining a **compact footprint, twin-roll capacity and efficient roll usage**, the Leonardo Twin Micro Mini Dispenser provides a practical solution for washrooms where reliability, efficient servicing and presentation are important.

Product Features

- **Twin toilet roll configuration** for improved tissue availability
- **Complete roll usage** helps minimise unnecessary tissue waste
- **Compact dispenser design** for efficient use of washroom wall space
- **White/Clear finish** for a clean and professional appearance
- **Transparent design** allows quick monitoring of tissue levels
- **Lockable construction** helps protect the tissue supply
- **Wall-mounted installation** for convenient washroom positioning
- Designed for **professional and commercial washroom environments**

Product Benefits

- **Complete roll usage helps reduce toilet tissue waste and improve consumable efficiency**
- **Twin-roll capacity provides a reserve supply, helping reduce the risk of running out between servicing visits**
- **Transparent construction enables cleaning teams to check tissue levels quickly without opening the dispenser**
- **Lockable design** provides additional security for tissue supplies in public and high-traffic environments
- **Compact dimensions** make the dispenser suitable where available wall space is limited
- Helps make **washroom inspection and replenishment quicker and more efficient**
- Provides a **neat and professional presentation** for customer and staff washrooms

Technical Characteristics

- **Product Type:** Twin Toilet Roll Dispenser
- **Range:** Leonardo
- **Configuration:** Twin Roll
- **Colour:** White/Clear
- **Design:** Transparent
- **Security:** Lockable
- **Roll Management:** Complete Roll Usage
- **Installation:** Wall Mounted
- **Application:** Professional and Commercial Washrooms

Applications

The **Leonardo Twin Micro Mini Toilet Roll Dispenser** is ideal for **offices, schools, healthcare facilities, hospitality venues, leisure centres, retail premises, public buildings and commercial washrooms**. Its combination of **twin-roll capacity, complete roll usage, transparent stock monitoring and lockable construction** makes it a practical choice for facilities requiring reliable tissue availability, efficient replenishment and a clean, professional washroom presentation.
