

Makita XGT Power Source Kit 2 x 8.0Ah Batteries, Charger & Case

Variant code: 16-XGT8AHK

Makita XGT Power Source Kit: The Future of Power

Experience the next generation of cordless power with the **Makita XGT Power Source Kit**. This comprehensive kit is your gateway to the **Makita 40V max XGT system**, designed for professionals who demand **high-power performance** and **unmatched durability**. Say goodbye to limitations and hello to a new era of cordless freedom and efficiency.

Key Features & Benefits

- **Powerful Performance:** The **40V max XGT system** delivers the power and run-time of corded tools, enabling you to tackle the most demanding jobs with ease. From heavy-duty demolition to intricate woodworking, XGT provides the muscle you need.
- **Rapid Charging:** The included **dual-port rapid charger** gets you back to work faster. It's engineered to communicate with the batteries, optimising the charging process for peak performance and longevity.
- **Intelligent Technology:** Makita's innovative **XGT technology** features a digital communication system between the tool, battery, and charger. This ensures optimal power output, overload protection, and extended battery life.
- **Robust & Durable:** The batteries are built to withstand the harshest job site conditions. With an **IP56 rating** for water and dust resistance, you can be confident your tools will perform reliably, rain or shine.
- **Complete Kit:** This all-in-one package includes **two 8.0Ah 40V max XGT batteries**, a **dual-port rapid charger**, and a **Makita Makpac connector case**. It's everything you need to start your XGT journey or expand your existing collection.

What's in the Box?

- **2 x Makita BL4080F 40V max 8.0Ah Li-ion Batteries:** High-capacity batteries for extended run-time.
- **1 x Makita DC40RB 40V max Dual Port Rapid Charger:** Charges two batteries simultaneously and quickly.
- **1 x Makpac Connector Case:** A durable and stackable case for easy transport and organized storage.

Why Choose Makita XGT?

The **Makita XGT platform** is more than just a battery system; it's a complete solution for professional users. It's built for **maximum power, ultimate durability, and cutting-edge technology**. With a growing range of tools, XGT is the ideal choice for those looking to invest in a **future-proof cordless system**. Upgrade to Makita XGT and experience the difference that true innovation makes.
