

MotorScrubber MCase Pro Kit – Contains JET3, BLADE, STORM & All Accessories

Variant code: 16-MS3070KIT

Do you need ultimate deep cleaning and virus control? This kit from MotorScrubber containing Jet3, Blade and Storm will do just that.

JET3

The MotorScrubber Jet is a battery powered scrubbing machine with a pump to spray water in front of the machine.

It boasts a lightweight 3kg backpack housing the battery which powers the high-torque powerful scrubbing machine for up to 3.5 hours.

Built in the UK with exceptional build quality for longevity.

Delivering 354rpm of power to the scrubbing head, it makes cleaning in tight and confined spaces easier than ever before.

Perfect for cleaning in and around washroom areas, behind toilets, under benches and stairs.

Adjustable handle length and brush head angle.

The head is completely waterproof meaning it can be dipped into a bucket for cleaning, or cleaning underwater lines in and around pools.

Key Features:

- Self-contained with pump and solution spray
- 3.5 Hour battery run-time
- Powerful high-torque 354rpm motor
- Lightweight backpack and fully adjustable handle
- Waterproof head

STORM

Storm from MotorScrubber offers a new standard with touch point disinfection.

When used in conjunction with the backpack from Motorscrubbers Jet3 rotary scrubbing machine Storm can deliver targeted, touch point disinfection, for proactive virus control.

BLADE

Forget buckets! With the MotorScrubber BLADE 2-in-1 Mop System buckets are a thing of the past with its delivery of fresh solution at the touch of a button.

Designed as wet and dry spray mop system, the ultra-microfibre mop heads eliminate dirt while the flexible squeegee effortlessly dries floors.

Make the switch to BLADE mop system to experience exceptional results with the following features:

- Quick refill handle and water level indicator, eliminating the need for a bucket
- Fully interchangeable, no-touch cloth system – simply slide the ultra-microfibre into the channel.
- Reversible with up to 4x greater coverage – reset the power squeegee on the Ultra-Microfibre to reveal a clean section. Once dirty flip the Ultra-Microfibre for continued clean use.
- 600ml solution capacity in the handle!
- The Ultra-Microfibre cloths can be washed up to 500 times.
