# Neutradol Sniff 'N' Purr Carpet Deodorizer Powder 525g

**Variant code: 05-525**

**Neutradol Sniff 'N' Purr Carpet & Room Deodoriser Powder - 525g** is a **pet-friendly carpet and room deodoriser** specially formulated to tackle unpleasant pet-related odours in homes and vehicles. Featuring a refreshing **Pure Fresh fragrance**, this convenient deodorising powder helps eliminate the molecules responsible for unwanted smells rather than simply covering them with perfume. Its **non-toxic, pet-friendly formulation** provides a practical solution for keeping carpets and living spaces smelling clean and fresh.

Developed with **active odour-eliminating ingredients**, the powder targets unpleasant smells associated with pets, including lingering odours trapped in carpets. Its deodorising action helps refresh carpeted areas and maintain a more pleasant indoor environment, particularly in homes with cats and other household pets. The **Pure Fresh fragrance** leaves a clean, refreshing scent, helping improve the atmosphere in rooms affected by persistent pet smells.

Suitable for **household carpets and car interior carpets**, this versatile deodorising powder is ideal for regular freshness maintenance in pet-friendly environments. Its **525g powder format** offers a convenient way to treat carpeted areas where unwanted odours develop. Apply in accordance with the packaging instructions, allowing the recommended treatment time before removing the powder as directed. For responsible use around pets, keep animals away from treated areas during application and until all loose powder has been removed.
