Nilfisk MC 2C - Mains Powered Cold Water Pressure Washer with Hose Reel

Variant code: 16-MC2C

Nilfisk MC 2C is a **compact, powerful and highly versatile cold water pressure washer** designed for professional users who require efficient and reliable cleaning performance. Ideal for agriculture, contract cleaning, vehicle cleaning, workshops and trade applications, the MC 2C combines robust construction with innovative features to make everyday cleaning tasks faster, easier and more productive.

Engineered with operator comfort in mind, the machine features an **ergonomically designed Ergo spray gun** that allows effective cleaning with lower effort while helping reduce fatigue during extended use. The advanced **pressure-activated control system** improves efficiency by delivering pressure only when required, helping reduce water and energy consumption while maximising performance.

A standout feature of the MC 2C is its **unique 4-in-1 nozzle system**, allowing operators to quickly switch between cleaning modes to suit different applications and levels of soiling. Whether tackling delicate surfaces or heavily contaminated areas, the nozzle provides excellent cleaning results with minimal effort. The integrated **foam sprayer** enables quick and efficient detergent application, further improving cleaning performance.

Built for durability and convenience, the pressure washer is equipped with a **15m steel-armoured hose** mounted on an easy-to-use hose reel, a **2.5L detergent tank**, and an automatic **start/stop system** that pauses the motor when the trigger is released. These features combine to provide a reliable, user-friendly machine that is perfectly suited to demanding professional cleaning environments.

Product Features

- **Compact mains-powered cold water pressure washer**
- Ergonomic **Ergo spray gun** for improved user comfort
- Unique **4-in-1 nozzle system** for versatile

cleaning
- Integrated **15m steel-armoured hose reel**
- Built-in **2.5L detergent tank**
- Automatic **start/stop motor control**
- Foam sprayer for efficient detergent application
- Pressure-activated system for improved efficiency

Product Benefits

- **Handles a wide range of professional cleaning tasks with ease**
- **Reduces operator fatigue through ergonomic design**
- **Quickly adapts to different cleaning applications**
- Improves cleaning efficiency while reducing water and energy waste
- Extended reach with durable 15m hose
- Simplifies detergent application and machine operation

Technical Characteristics

- Power Supply: **Mains Electric**
- Pressure Washer Type: **Cold Water**
- Hose Length: **15m Steel-Armoured Hose**
- Integrated Hose Reel
- Detergent Tank Capacity: **2.5 Litres**
- 4-in-1 Multi-Function Nozzle
- Automatic Start/Stop System
- Ergonomic Ergo Spray Gun
- Foam Sprayer Included

Applications

Nilfisk MC 2C is ideal for **agricultural operations, contract cleaners, workshops, vehicle fleets, garages, property maintenance contractors, facilities management companies and trade professionals**. Suitable for cleaning **vehicles, machinery, farm equipment, workshops, building exteriors, patios, driveways, forecourts and general hard surfaces**, it delivers professional cleaning performance with outstanding versatility and ease of use.
