Nilfisk Polishing Brush - 430mm

Variant code: 16-80210000

Nilfisk 430mm Polishing Brush is a genuine replacement **soft floor polishing brush** designed for compatible Nilfisk floor cleaning and polishing machines. Manufactured with soft bristles, this 430mm brush delivers an excellent finish on hard floor surfaces, helping restore shine while gently removing light dirt and surface marks without damaging floor finishes.

Engineered for professional floor maintenance, the brush provides even contact across the floor to produce consistent polishing results. Its durable construction ensures long service life and dependable performance, making it ideal for routine maintenance of polished and sealed hard floors in commercial and industrial environments.

Easy to install and replace, the Nilfisk 430mm Polishing Brush helps maintain the efficiency and performance of your floor machine while delivering a clean, polished appearance across a wide range of floor types.

Product Features
