Nilfisk SC430B Go Line - 20 Inch Scrubber Dryer

Variant code: 16-SC430B

Nilfisk SC430B Go Line is a professional **battery-powered scrubber dryer** designed to provide simple, reliable and efficient daily floor cleaning for medium-sized indoor environments. Combining user-friendly operation with robust cleaning performance, the SC430B offers an ideal solution for facilities seeking effective floor maintenance with minimal operator training and reduced cleaning effort.

Built around an intuitive design, the machine features a convenient **one-touch control button** that activates all scrubbing functions, making operation straightforward and efficient. The integrated solution and recovery tanks provide generous capacity for extended cleaning sessions, while the reduced pushing force improves manoeuvrability and operator comfort. Delivering excellent water pick-up performance, the SC430B leaves floors cleaner, safer and ready for use more quickly. Compatible with a range of Nilfisk accessories, the machine can be adapted to suit different cleaning requirements and environments.

Supplied complete with batteries, drive board and brush, the SC430B Go Line provides everything required to begin professional floor cleaning immediately. Its dependable performance and simple controls make it particularly suitable for routine maintenance cleaning programmes in commercial and public buildings.

Product Features

- **Battery-powered scrubber dryer** for medium-sized indoor areas
- **One-touch operation** activates all scrubbing functions
- Integrated solution and recovery tanks for increased capacity
- **Excellent water pick-up** for faster floor drying
- Reduced pushing force for improved manoeuvrability
- Compatible with a wide range of Nilfisk accessories
- Supplied with batteries, drive board and brush

Product Benefits

- Simplifies daily floor cleaning through intuitive operation
- Reduces operator fatigue with easy handling and manoeuvrability
- Improves productivity with large-capacity solution and recovery tanks
- Minimises floor downtime through effective water recovery
- Supports high standards of cleanliness and hygiene
- Provides reliable performance for routine cleaning programmes
- Offers flexibility through compatibility with Nilfisk accessories

Technical Characteristics

- Professional walk-behind battery scrubber dryer
- **20 inch scrubbing width**
- One-touch control system for simplified operation
- Integrated clean water and recovery tank design
- Excellent water recovery performance
- Supplied complete with batteries, drive board and brush
- Designed for daily maintenance cleaning of indoor hard floors

Applications

Nilfisk SC430B Go Line is ideal for schools, healthcare facilities, retail stores, offices, leisure centres, hospitality venues and public buildings where efficient daily floor cleaning is required. Its simple operation, reliable performance and excellent water recovery make it particularly suitable for medium-sized indoor areas that demand consistent cleaning results with minimal disruption to building users.
