Nilfisk VL500 35L Wet and Dry Vacuum Cleaner

Variant code: 16-VL500-35

Nilfisk VL500 35L Wet & Dry Vacuum Cleaner is a powerful and versatile commercial vacuum designed to deliver exceptional cleaning performance across both wet and dry applications. Featuring a **35-litre capacity** and Nilfisk's innovative **dual filtration system**, the VL500 allows operators to switch seamlessly between wet and dry vacuuming without changing filters, reducing downtime and increasing productivity.

Developed in partnership with professional cleaning users, the VL500 combines robust construction with user-friendly features that improve efficiency and reduce the total cost of ownership. Its **failsafe dual filter design** allows dedicated wet and dry filters to operate simultaneously, ensuring optimum suction performance in every application. A **hinged motor head** provides quick access for filter inspection and maintenance, while the **multi-fit hose connector**, **stainless steel tube**, **on-board accessory storage** and **nozzle parking** enhance convenience during everyday cleaning.

Designed for demanding commercial environments, the Nilfisk VL500 offers reliable performance, durability and ease of use, making it an excellent solution for professional cleaning contractors and facility maintenance teams.

Product Features

- **35-litre wet and dry vacuum cleaner**
- Powerful commercial cleaning performance
- **Dual filtration system** for wet and dry cleaning without changing filters
- Dedicated wet and dry filters operate simultaneously
- **Failsafe filter design** for reliable operation
- **Hinged motor head** for quick filter inspection and maintenance
- **Multi-fit hose connector**
- **Stainless steel suction tube**
- On-board accessory storage
- Nozzle parking for convenient storage
- Durable commercial-grade construction

- Genuine Nilfisk professional cleaning equipment

Product Benefits

- Cleans both wet and dry debris without changing filters
- Reduces downtime and increases cleaning efficiency
- Delivers reliable suction performance in all cleaning conditions
- Simplifies maintenance with easy filter access
- Keeps accessories organised and within reach
- Low total cost of ownership through durable, professional design

Technical Characteristics

- **Product Type:** Wet & Dry Vacuum Cleaner
- **Brand:** Nilfisk
- **Series:** VL500
- **Capacity: 35 Litres**
- **Power Supply: 220-240V**
- **Filtration System:** Dual Wet & Dry Filtration
- **Suction Tube:** Stainless Steel
- **Hose Connection:** Multi-Fit Connector
- **Motor Head:** Hinged for Easy Filter Inspection
- **Application:** Commercial Wet & Dry Vacuum Cleaning

Applications

The **Nilfisk VL500 35L Wet & Dry Vacuum Cleaner** is ideal for **hotels, contract cleaning companies, schools, colleges, exhibition and conference centres, public buildings, healthcare facilities, workshops, manufacturing plants, warehouses and industrial environments**. Its **dual filtration system** enables seamless wet and dry cleaning without filter changes, while its professional design and practical features provide efficient, reliable cleaning performance for demanding commercial applications.
